

## Deemed Contract

### What Is a Deemed Contact?

Have you just moved into new premises? If we were supplying the previous occupant, you will be deemed to have a contract with us for the supply of electricity until such time as you enter into a new supply contract with us or another supplier. This default mechanism is good because it ensures that you will not be left without power, but it is designed to encourage you to formalise a supply contract with a licensed supplier since 'deemed rates' are significantly greater than standard rates. As part of our license obligations, we must make our 'deemed rates' available online. All rates listed below exclude VAT and Climate Change Levy (CCL). Please note that we can increase the unit charges under your deemed contract at any time by giving you 30 calendar days' prior written notice. If we decrease the unit charges under your deemed contract, no prior notice will be given. For further details, please refer to our Deemed T&Cs

### Half Hourly (HH) Meters

From	Until	Day Rate (p/kWh)	Night Rate (p/kWh)	Standing Charge p/day	Capacity Charge p/KVA/day
01 April 2019	Further Notice	20.90	16.70	450.00	5.30

### Non-Half Hourly (HH) Meters

From	Until	Single Rate (p/kWh)	Standing Charge p/day
01 April 2019	Further Notice	19.60	95.00 for sites with Profile Class 3 to 4 250.00 for sites with Profile Class 5 to 8

## Out of Contract

### What is an Out of Contract Customer

If your contract with us reaches the end of its term and it has not been renewed, or for any reason the contract has terminated early, you will become an 'out of contract customer'. In such cases, we will bill you using our 'out of contract rates'; but for simplicity, these rates are identical to our 'deemed rates' above.

### Switch to a Better Deal

Out of contract rates are typically higher than our standard rates, so if your contract has reached the end of its term, we encourage you to contact our Sales team for a better deal at:
